

## *Information for Sacrificial and Commitment Meal for Camps*

**Purpose:** As we head into the camping season we find that we are limited on funding available to startup camps and reunions. Funding is key to provide the type of program that can minister to all who participate in camps and reunions.

**Idea:** Sunday, May 23, 2010 is set aside in the congregations that are affiliated with the Ozark Camp & Retreat Center for a sacrificial and commitment meal. Every Sunday many of members go to restaurants for meals after church service. Instead of going to restaurants, every member of the congregation commit to a “pot-luck” or other type of meal to be held after Sunday morning church service. For that meal everyone donates in a love offering the amount of money they would have spent going to a restaurant for lunch.

***The Offering from the meal would be sent by June 1, 2010 to the Mission Center and split among the youth camps for operating expenses.***

**The Goal:** If the average that each congregation collected was \$115, it would raise \$3000.

**\$3000 will be the goal.**

**A suggestion that may be encouraged would be to bring in photos from when members went to camp and share them with other members. Another suggestion may be to produce a powerpoint presentation with photos from camps and have it playing during the meal.**

***If there are any questions, please contact a member of the Youth Activities Committee.***
